

**Letter dated 16th April 1993 from John Nganja, c/o Gov't Hospital
Bo to Myf Hodkin. 17 Albert Street, Leamington Spa**

....On behalf of my committee here at the hospital I want to say many thanks to you and all those good people who contributed in one way or the other in sending us those much - needed drugs and hospital equipments. Indeed words are not enough to express our deepest appreciations.

Presently we are faced with thousands of displaced persons from 3 Districts, who have added to the already over- crowded Bo township.

You can see how useful your presents were when you consider the demand for drugs, clothing, etc....
