

Letter from Myf Hodkin to David Ngombu. Bo Teacher's College.

Date uncertain, probably January 1995

[The OWL Committee is very concerned that they have not heard from Bo in a long time.

They would like to help in any way they can and want to know what Bo OWL would like them to do. What should they do with the money in their account -keep it for use later, send some to Bo to buy food and goods for the people there or use it to buy goods here and ship them out ?]
