

Order the illustrations in the order you think they appear in the story from 1 to 4 before using the images to infer and predict what you think happens in the story. Match each image to the caption you think best describes what is happening.

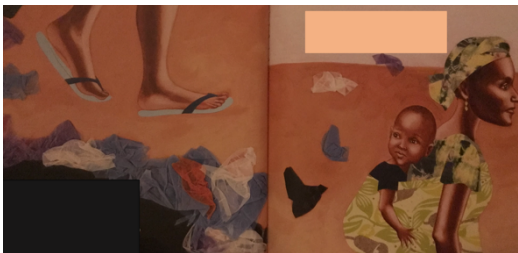

1

Isatou and her friends collect the plastic bags and wash them before weaving them into purses to sell at the market.

2

Isatou comes up with a plan to help get rid of all the plastic bags.

3

One day, after a lot of hard work, the land is beautiful once again and all the plastic bags are gone.

4

Day after day the plastic bags people drop grow in number until the road is covered. This makes Isatou sad.
